

Hallel Chery

Cambridge, MA, USA • hallelchery@college.harvard.edu • www.linkedin.com/in/hallelchery

Education

Harvard University

A.B. in Applied Mathematics (anticipated)

Relevant Coursework:

Introduction to Electrical Engineering (ES50) | Introduction to Digital Fabrication (PS70)

Abstraction & Design in Computation (CS51) | Startups: From Idea to Exit (ES30)

Machine Shop Green Training (40 Hours)

Member, Harvard Innovation Labs

Cambridge, MA

May 2029

Clear Lake High School

Summa Cum Laude

4.0 GPA: 4.47

Houston, TX

May 2025

Experience

Harvard Lyman Instructional Machine Shop

Assistant

- Supervise physics/SEAS researchers using machine shop equipment.
- Develop instructional guides for CNC machines, design & fabricate shop renovations, & maintain inventories.

Cambridge, MA

January 2026 - present (term-time)

Tutors of Excellence Association

Founder & President

- Led school-wide peer tutoring organization: 4 officer teams, 92 tutors, 200+ tutoring requests, \$2440 raised, over 4 years.
- Developed tutor-matching web app in JavaScript (3000+ lines of code), which enabled students to select tutors on a social media-style platform.
- Implemented system for teacher aids and a program for ESL learners.

Sugar Land, TX

September 2021 - April 2025

NASA High School Aerospace Scholars Program (HAS)

Senior Mentor

- Instructed 26 NASA HAS scholars over 5 synchronous meetings covering communication, teamwork, and time management.
- Led a team of 3 senior mentors to develop meeting curricula and activities, and coordinated with 4 professional technical reviewers to improve scholar success.

Remote

October 2024 - March 2025

NASA High School Aerospace Scholars Program

Scholar

- Completed 5-month space exploration course; designed & CAD modelled 200-person Mars habitat, mass/volume-constrained space tool, & coded rover video game.
- Led team of 8 scholars to redesign NASA's Gateway HALO lunar module.

Hybrid – Houston, TX

October 2023 – August 2024

Honors & Awards

National Aeronautics and Space Administration

[NASA.gov Article Feature](#)

Houston, TX

March 2025

IEEE TryEngineering Summer Institute at Rice University

Hardest Work Ethic Certificate and Full Scholarship Recipient

Houston, TX

May – July 2022

Skills & Interests

Technical: SOLIDWORKS, Autodesk Fusion, JavaScript, Java, C, C++, OCaml, HTML, and CSS

Language: English (fluent), French (intermediate)

Laboratory: Milling machine, lathe, microcontrollers, soldering, soft robotics

Interest/Hobbies: Edge machine learning, hybrid computer architecture, classical piano, art, Harvard Club Taekwondo, golf
